The President

The White House

Submitted for your consideration is a request to make available \$92.8 million in previously appropriated emergency funds for the Department of Defense (DOD).

P.L. 105-277, the Omnibus Consolidated and Emergency Supplemental Appropriations Act, 1999, provided \$1.5 billion in emergency funding for defense-wide operation and maintenance activities contingent upon the President submitting a budget request to the Congress and designating the entire amount requested as an emergency requirement. To date, \$844.6 million of that amount has been designated for such activities, leaving a balance of \$652.0 million. P.L. 106-31, the 1999 Emergency Supplemental Appropriations Act, directed that the Administration use \$175.0 million of the remaining contingent emergency funding for an alternative purpose which is identified under separate classification. The \$92.8 million now requested represents the first portion of the \$175 million to be released.

I recommend that you designate the \$92.8 million as an emergency requirement in accordance with section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended. No further congressional action will be required. Pursuant to P.L. 106-31, the funds will be made available to DOD 15 days after this designation is forwarded to the Congress.

I have carefully reviewed this proposal and am satisfied that it is necessary at this time. Therefore, I recommend that you make the requested funds available by signing the enclosed letter to the Speaker of the House of Representatives.

Sincerely,

Jacob J. Lew
Director
